We all have personal mottos and ideas that influence and define our approach to life. I find this one especially appropriate given the times we live in. But I feel we cannot determine success by the singular achievement of a goal. There will always be tomorrow and with it new challenges.

In facing these challenges, we must meet them head on, strong and unified. We must use our diversity, as a strength as our enemies will surely use it to keep us divided. We must build coalitions, both within and outside our community.

Within the leather community when fighting for our rights, equality and mutual respect must be accorded to all involved. The roles that we choose in our

## OFF THE TOP

play are not necessarily those that best serve us in our struggle. Tops and bottoms, Daddies and boys, Butch dykes and femme dykes, and the list goes on, must stand shoulder to shoulder, speaking with one voice.

Speaking with one voice does not mean thinking with one mind. Each of us is unique, molded by different life experiences, but all with something different to offer. The total collection of these differences increases our collective knowledge, empowering us to make greater educated decisions.

A concerted effort on our part to extend ourselves to all those that are open to us. To strive towards inclusion versus exclusion allows us to discard society's "-isms"; racism, sexism, lookism, and separatism. WE move beyond judgments based on superficial, shallow attributes so we can truly appreciate the intellectual and emotional gifts of those we would call brother and sister.

Building coalitions outside the leather community requires education and patience. Because of the high visibility of the gay and lesbian and bisexual and transgender community lately, there has been and will continue to be a backlash from the conservative right wingers. And the images that they use against us are those of the drag queens and leather community. Unfortunately, some gay and lesbians in their quest for acceptance confuse the issue with assimilation. And in their ignorance shuts us out.

Well I will not be shut out. I am proud of who and what I am. But I will not succumb to their misguided efforts at assimilation. So we must continue to reach out, and patiently educate. Knowledge is also a weapon. It can be used to build the bridges of understanding while fighting the fear and prejudice that come from ignorance.

At the time of this writing, our community is currently preparing for the largest civil rights demonstration of the century. This is an opportunity to make a powerful statement. A statement not just to a government that only now is recognizing the gay and lesbian community. A statement not just to the conservative right wingers intent on destroying us. But an empowering statement to our own community. It will send a message of hope and provide an example of what can be accomplished when standing together, shoulder to shoulder, united for a common cause.

We live in exciting and changing times as we enter a new era in the growth and maturation of the gay and lesbian community. Because now in the time that we stand and serve notice that we will no longer tolerate or sustain the mental and physical violence perpetuated against us by an ignorant and unenlightened society. We must stand together and take that first step together. And as each new step becomes a success, we take the next and the next. Soon we no longer look towards a destination, but to the journey. ■

## slave training

Dear Drummer:

Several issues back you printed a letter from my slave "pvt. Max from Amsterdam." I just wanted you to know that his training is continuing and he is doing very well. Although he currently lives in Amsterdam and I live in California, I still manage to train him to be the best recruit that he can be.

This recruit is "MY PROPERTY" yes we have a contract for life and he knows his place. I train him, punish him and in general control him across the many miles that separate us. While it is not easy, it is working. Since what I can do to him physically is limited, there is no limit to what I can do to him mentally. This recruit goes to sleep each night with the voice of his SARGENT/MASTER in his head, and wakes up each morning again with the sound of his SARGENT starting his day. You add to that his dedication to pleasing his SARGENT and his desire to be the best recruit and a true slave in the making. He will be the best, or he won't be my recruit/slave and he knows it.

His training has gone on for several years and will continue for the rest of his life, or until I sell his contract. I wanted to share this with my fellow TOPS/SARGENTS/MASTERS so they will know if they haven't as yet found the right slave/recruit to own that they should keep looking, and don't let distance stop them, if you find the right slave/recruit then you can train him. I like to work from the inside out. If you can control the mind then the body will follow. Get into their head and the rest is yours.

I have thought of sharing some of my slaves weekly letters with readers of Drummer, so that everyone can see just how far this slave of mine has progressed. I'll keep you informed of his progress. If there are any of your readers who want to know about mind control please pass their letters on to me, I'll be more than happy to help.

*Good to hear of the continued success with your "slave training". It is encouraging to see accomplishment when there exists "commitment" and "willingness" to serve and grow. Any fellow Tops/Sargents/Masters may contact SGT. G.H. by sending us a sealed, stamped confidential letter to:*

## LONG TIME COMPANION

Dear Sir:

The last issue of Drummer I received was issue #160 this past February (it was the first of a one year subscription). I realize that there are sometimes production problems over which you have no control, but has #161 been published yet? If so, and it was mailed earlier this month, I haven't received it. If not, or it was just mailed, please disregard this inquiry.

Permit me to add that your magazine is genuinely appreciated. As long as 1980, I made some contacts through your personal ads that have resulted in lifelong friendships. Since then, I've watched you evolve both professionally and literally, no small accomplishment. I find your articles informative, your stories entertaining, and the artwork and photographs worth keeping. I trust the culture will allow you reasonable longevity!

Thank you very much.

Sincerely yours,

D.S.

D.S.,

*Just to reassure you, #161 is probably in your "Box" (mail that is) even as we speak. As far as our longevity is concerned, we hope so too!!*

## COVERMAN BOB

Dear Editor,

Congratulations on your new look and hot models!

I especially thought that your coverman from #161 was great. Leather Rebel Bob is one hot stud with one big dick stick. As I looked through the photo spread, all I could think about was touching, tasting and serving his magnificent cock. There were several shots where I could imagine my mouth poised just inches away waiting for some juicy reward.

In my wildly unsafe fantasies I would love to have his beautiful big stick shoved up my ass and spilling his hot man piss deep inside me. After he filled my butt with his golden juices, I would lick his heavy cock clean and beg for him to fill my mouth with whatever else he could make cum out of his perfect penis.

I can only imagine that such a hot man would have a hot ass because you didn't include a shot of his butt. Do you have any ass shots you could share with me and the other readers who love to serve and use tight asses?

Please forward my name and address to Leather Rebel Bob so he knows he can use my mouth and ass for his every whim and I will do my best to serve him well.

D.J.

Phoenix, AZ

D.J.,

*To a boy who is willing to serve, I have decided to reward you with this "Parting Shot" of Bob.*

## WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be *the* leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert *Drummer* readers and travelers to the *right* place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

# PANTHEON WEEKEND 1993

A small but enthusiastic crowd of leather men and women enjoyed a weekend away from winter in Orlando March fifth through seventh. Fortunately the event had not been scheduled for the following week when one of the worst winter storms in history would have kept everybody away.

Parliament House is a legend that hopefully will survive the recent change in ownership. It is a complex including a 120 room motel, pool, lake, seven bars with diverse atmospheres, a theater, erotica shop, 24 hour cafe, etc. and the Full Moon Saloon is only a short stroll away. The motel is a two story "L" shaped structure and all rooms have huge windows fronting on the walkways. Each evening the open air cruising is fantastic, for this weekend most of the rooms had special "displays" set up in the windows. These ranged from a variety of colored handkerchiefs to tasteful arrangements of whips and restraints or crisco cans and dildos. Though attendance at the official events in the tent was only about 200, much more than twice that number was present outside. I can assure you that the shows being performed in the rooms were very entertaining as well. I know of at least one that got a call from security demanding that the drapes be closed because the audience on the balcony was causing a traffic jam!

The official events included an opening ceremony on Friday evening. The second International Master and Slave contest on Saturday evening and the Pantheon awards show on Sunday evening. Andy Anderson and Kay Hallinger did a superb job of MCing the Master and slave contest, which is the only *relationship* title--it goes to a couple working together. This year there were five couples entered. Four of these were male pairs and the fifth was a female Top and male slave. According to the judges: Susie Shepherd and K.

T. Chase (last year's winners) Dan Dobbs, Bill Kanouff, Joe Potter, Bill Miranda Salzman, and David "Trooper" Vargo, it was a tight race. The First runners up were Don Bastian and his slave, from Calgary and the winners were Master Tam von Hohenzollern and her slave Kit. Both are active members of the NLA: Metro New York chapter and I believe are also members of Eulenspiegel and Kit is a member of GMSMA. They prefer to be referred to as pan-sexual.

Kay Hallinger and Bill Miranda Salzman MCed The Pantheon of Leather Awards Show and kept things flowing quite well. The North American Regional awards for 1993 went to: Southeast, Janet Blevins; South Central, Chuck Higgins; Rocky Mountain, Pat Sanchez; West Coast, Race Bannon; Midwest, Bryan Smith; Eastern, Barry Douglas; and Canadian, Bill "Northwind" Houghton. Andy Anderson of Toronto received the 1993 International Award. The Business Person of the Year went to Kevin Drewery of White Rabbit bookstores in North Carolina, and the Business of the Year was Bill "The Hun" Schmeling.

The Club of the Year was Seattle's Outer Limits which organized Power Surge, the highly successful women's SM event in 1992. The Non Profit Organization of the Year was San Francisco's AIDS Emergency Fund. I am still not clear on the differences in these two categories. Several organizations were nominated in both! The Club Sponsored Event of the Year was GMSMA's Leather Pride Night.

The Forbearer award was presented posthumously to Dom "Etienne" Orejudos. Chuck Renslow accepted in his name. The Woman of the Year is Kay Hallinger and the Man of the Year is Woody Bebout.

The panel of judges for all of the above awards included Joseph Bean, MP Breslin, Pat Califia, Thom Dombkowski, Todd Fulton, Greg Lowe, Dan Noel, Peri Jude Radecic, Vance Reger, Jim Richards, Gayle Rubin, Dino Rosie, David Weinbaum, and George Whiting.

The Reader's Choice awards, selected directly by the readers of *The Leather Journal*, went to Kay Hallinger, Joseph Bean and Woody Bebout. Joseph and Woody, incidentally the Editor of *Drummer* in 1992 and Mr. *Drummer* 1991-92, tied in a field of 41 male nominees.

The Leather Journal Award, selected by the full time staff of the magazine went to Chuck Renslow and the Publisher's award, selected by David Rhodes, publisher of *The Leather Journal*, went to Wane Griffith. David mentioned as one of his criteria Wane's continual service to the Leather community, especially his sponsorship of contestants. I believe Wane is the only business who has successfully sponsored winners of International Mr. Leather, (D. Cannon??? others???) International Ms. Leather (Gabrielle Antolovitch) and Mr. *Drummer* (Brian Dawson).

All three shows were produced by RJ Chaffin and Gary Chichester of Back Door Promotions, who also had to double as stage hands. They announced the creation of a new leather club: The Leather Mickey Mouse Club and wore the official leather ears through much of the weekend. They were planning on wearing them to Disney World on Monday. Country singer Jeff Miller entertained both nights and nearly brought down the house on Sunday with an appropriately reworded version of the song *I'm looking for something in red*, substituting black for red and working through grey, yellow, and several other appropriate colors and objects of desire.

Other highlights of the weekend included David Rhode's selection of his successor to the title International Mr. Saliva 1993. Joe Potter of Denver received this dubious honor. Later, with the connivance of Bill Costomiris, he decided he could not live up to the duties of the title and stepped down, passing the sash on to his First Runner-Up, Kay Hallinger, who seemed even more pleased than Joe had been. But before the weekend had ended Kay saw that Joe got his sash back and that Costomiris received a healthy dose of the liquid for which the title is named.

All in all it was a most enjoyable weekend, I wish more of you had been there and hope you will be next year.

# The Leather Archives and Museum

For the sake of our future we **MUST** preserve a record of our past!

The Leather Archives and Museum was officially founded last May in Chicago for the purpose of preserving the documents and objects of our leather/SM/fetish community history. The Board of Directors includes Chuck Renslow, Chuck Higgins, Tony DeBlase, Gayle Rubin, Barry Johnson, Gary Chichester, Albert Kraus, and Judy Tallwing McCarthy. At a board meeting held during Pantheon weekend several activities were authorized:

LAaM will present its first **Exhibition of Leather History** at International Mr. Leather this Memorial day weekend. The IML organization, which donated the original \$1000 to start the LAaM last year, is providing a room at the IML host hotel to display original works of art by Etienne and others, a wide assortment of leather club colors, banners, patches and pins, and other documents, photos and items of interest in the history of our community. The exhibit will be open to all for the weekend, but there will also be a special Members Only preview party.

A non voting membership in The Leather Archive and Museum is \$25 per year. Voting memberships begin at \$100 per year. The annual meeting of all voting members will also be held during IML weekend. The terms of Chuck Higgins and Judy Tallwing McCarthy are expiring and the board is recommending that Chuck be reelected and that Judy, who has been unable to attend meetings, be replaced with respected historian and former editor of *DungeonMaster*, Harold Cox. All voting members will be asked to confirm these nominations at the **1993 Annual Meeting**.

In *A decade of S/M pride*, GMSMA's 10<sup>th</sup> anniversary publication, is an SM Timeline compiled by Thor Stockman and Gil Kessler. The LAaM board

has authorized a **Leather Timeline** project which will produce a computerized data base of key events in leather history. This should include founding, and dissolution, of businesses, clubs and other organizations, pivotal social and political events, publications, etc. Tony DeBlase will coordinate this event and has started producing a timeline. We hope to have a preliminary publication of this ready for IML this year and, hopefully, will publish at least annual updates as the timeline grows. If you have items you think should be included please send information to Tony DeBlase in care of the LAaM address (5015 N. Clark St. Chicago, IL 60640).

**Who's Who in Leather** is another project authorized by the LAaM board. Tony DeBlase and Gayle Rubin will begin preparation of a collection of brief biographies of men and women, homo, hetero and bi, past and present, who have been important in the history of our community. These would include founders and other pivotal persons in the histories of leather business, clubs, publications, etc. Artists, writers, craftspersons, activists, educators, etc. To recommend that someone be included in these listings send significant information to Tony and/or Gayle at the LAaM address in the above paragraph.

The Leather Archives and Museum's **Oral History Project** will be coordi-

nated by Gayle Rubin. This will be an attempt to gather audio and/or video taped interviews with people who have been involved with the growth and development of our leather community. These would include anyone who should be in the Who's Who discussed above, as well as many who were not active themselves, but were present as witness to history as events happened. If you are willing to conduct such interviews, or if you have someone to suggest who should be interviewed, send information to Gayle at the LAaM address. Because of other commitments Gayle will not be able to begin work on this project until September, but send in your information now so there will be a pile of stuff for her to start with when she is ready.

Help preserve the record of our history. First: If records or objects are in danger of being destroyed or discarded do what you can to prevent this. The Leather Archives and Museum does have limited storage space in Chicago, and if important documents or object are in imminent danger send them to the LAaM address. Second: Make provisions in your will, or other appropriate arrangements, to see that leather related art, publications, papers, photos, memorabilia, etc. are preserved. And encourage others to do the same. Third: Join the Leather Archives and Museum. \$25/year for a non voting membership, \$100/year for a

voting membership, and larger donations are encouraged. Fourth: Visit the Exhibit at IML and participate in other LAaM projects.

Leather Archives and Museum, 5015 N. Clark St., Chicago, IL 60640, or phone 1-800/545-6753, Fax 1-312/878-5184.

## RADICAL SEX SHOW - SAN FRANCISCO & NEW YORK CITY

San Francisco sex photographers Mark I. Chester and Michael Rosen opened their show of photography, *ART, SEX & THEATER*, on April 16th at Mr. Chester's "South of Market" studio, in San Francisco. In all, five California artists will be displaying their photos representing different viewpoints, perspectives and approaches to the medium of fine art black and white photography. Opening night party was the evening of April 16th, however, the show continues to be open to the public on Saturday's and Sunday's, April 17th through April 25th. Suggested donation of \$2 is requested and well worth what one will view inside. Since sexuality is such a large component of gay theater, sexually tinged images will be included. Additionally, Mr. Chester and Mr. Rosen will be giving a slide talk/demonstration for GMSMA, NYC, regarding radical sex photography on Thursday, May 12th at 8 PM. Contact the GMSMA telephone number for location.

## NLA/SAN DIEGO SUPPORTS "SPECIAL DELIVERY"

**LEATHERFEST V** which took place in San Diego over the weekend of March 12-14, succeeded in raising \$6,082 from their proceeds and donated this sum to **SPECIAL DELIVERY** San Diego, which is an all-volunteer organization which delivers 150 meals a day to persons with AIDS. 512 persons were in attendance this year, which is more than double last year's attendance. Sponsors for this leather/SM/fetish gathering were **THE LEATHER JOURNAL, DRUMMER MAGAZINE, SILVER ANCHOR ENT., BRAVO! NEWSMAGAZINE** and **UPDATE**.

Participants from many parts of the country were offered 15 different workshops, demonstrations and an array of goods and art at the expanded Leather Bazaar. Media coverage enhanced this week-

end including two mentions in the **San Diego Union-Tribune** as well as some humorous (and hysterical!) coverage of the event by local radio and TV stations. Although there was threat of possible protest by local groups, no action actually took place.

**WE CONGRATULATE NLA/SAN DIEGO  
FOR THEIR SUCCESS!!**

## NATIONAL LEATHER ASSOCIATION GOES INTERNATIONAL!

In their endeavor to continue to expand and consolidate operations, the NLA has established a new international address at one central office. Write to:

NLA/INTERNATIONAL  
584 Castro Street #444  
San Francisco, CA 94114

Hopefully with this change, potential problems regarding national membership dues and disseminating information can be averted. Several chapters are already using this system quite successfully. Remember: local NLA dues will still be paid through the local chapter. If you are still experiencing problems with your national dues, send all pertinent information to the new address including documentation of payment. Specific inquiries/information may be directed to:

**Sallee M. Huber, Co-Chair NLA/International**  
**P.O. Box 5012**  
**Portland, OR 97208**

Hey, all you guys into boots and the men who wear them, are you aware there is an organization that has been around awhile with you and your fetish in mind? Well.....meet the **MEN IN BOOTS CONTACT CLUB**. Formed originally in Vancouver, BC about seven years ago, this club now operates from Toronto, Ontario. They offer a quarterly newsletter which contains fiction, photos and art, articles regarding the latest in footwear (as well as how it is being used!) and a classified section. Due to the AIDS pandemic, the loss of many members and contributors threatens the continued existence of this valuable contact club. If you are interested, contact:

# London

enormous horse shoe shaped bar. The crowd is friendly and lively and the bar staff are pleasant. A great place to start an evening or stay and get completely "pissed".

(A word about the British and drinking. The British like to drink and they like to drink a lot. It is uncool to be drunk, and indeed the volume in which alcohol is sold positively encourages it! We have a

strange collection of licencing laws that allow some places to stay open late and some to close early. Check with the bar if this looks like it's going to mess up your evening. After all, it's no fun to be dumped on the pavement at 11:00 and not know where everyone else is off to next!)

The **LONDON APPRENTICE** is another huge pub. On three floors, a disco in the basement, a bar and seating area on the ground floor (with a pool table during the week) and a coffee lounge and snack bar on the first floor. This is the place for a complete bar night out. It tends to be more leathery in the week and is a little less frantic at this time too. On Fridays and Saturdays it is packed to the rafters, but you can usually find a spot to nurse a beer and have a good chat. The **LA**, as it is known by Londoners, is one of my personal favorites.

A new bar in town is the **ANVIL**. Situated in London Bridge it is run by one of the former members of **THE BLOCK** team, so he knows what he's doing! This place is comfortable and friendly and describes itself as HIV friendly. If you can get a seat! Goodlooking

barstaff, too!

The **MARKET TAVERN**, Nine Elms, Vauxhall SW11 runs Market Leather in it's back bar on Wednesday night. This bar is very popular and very friendly and is one of the best places for a mid week drink. Two bars, one with a disco and one with pool and plenty of seating. Absolutely packed at weekends and could hardly be called empty at any time.

So that's your night spots out. But what about a little divertissement during the day. London is well provided for in the fetish clothing market, not only with shops but with mail order as well.

Perhaps the ultimate shopping for leather experience is **REGULATION**, St Albans Place N1. This shop is an experience to treasure. It carries a huge range of leather, rubber, and new and abused clothing as well as all the accoutrements you could wish for. Canes, gas masks, whips - you name it, they stock it. They are ready with advice and help and if they don't stock it, they can probably get it for you. Good staff and a great atmosphere. It's easy to spend an hour here!

**EXPECTATIONS** at 75 Great Eastern Street EC2 has been open a while now and is well known for quality. Their stock range is perhaps a bit limited but they sell most of everything that you could want. Upstairs is **SWEAT**, a sports clothing store for the fitter amongst you. The store has a friendly feel and the staff are helpful.

**CLONE ZONE** is the gay equivalent of a chain

# London

store with several branches throughout the UK. Their flagship store is on OLD COMPTON STREET (recently renamed Queer Street because of the number of gay businesses that have sprung up recently) and covers three floors, with a grooming parlor at the top! It is perhaps a little expensive but it has a large range of stock. Around the corner is **STUDIO 40**, 40 Berwick Street W1 with much the same, stock wise.

Finally there is **ZIPPER** at 283 Camden High Street. This is part of the Millivres empire (they publish the bulk of gay magazines in the UK) and although the stock is limited it is unthinkable to come to London without visiting Camden and therefore **ZIPPER**!

For those of you staying longer or even relocating here, there are a number of publications that

cater to the SM/CP crowd. There are "Report", "Corporal Contacts" and "Sir". You need to apply to them by post (mail) and they advertise regularly in the Small Ads column of "Capital Gay" and "Boyz" magazine. They carry stories and contact advertisements from people looking for the like-minded.

So that's about it. Remember that London means rain, and often a lot of rain, so if you're coming here out of the summer, bring something waterproof. London for the most part is a very safe city but the usual rules apply about carrying money and ostentatious displays of wealth and jewelry. And it goes without saying now -- **KEEP IT SAFE!**

## CUM FIRST, SEX LATER

by Joseph W. Bean  
photos from Zeus Studios new video  
*Cum-a-thon*

### A FIFTY-FIFTY DEAL

Balls tied, bodies oiled, chains, locks, rope, bondage, tit clamps, muscles, restraints, smiles, pain, grimaces, ecstasy, agony, bulk, duos, solos, vacuum pump, leather, cockstraps, boots, blondes, brunettes, fingerless gloves, finger fucking, dildo, spank, hood, gag, moan, collar, sling, butt plug, boys, men, beating, cock bondage, hard bodies, vibrator, blindfold, sweat, bed, poolside, piercings, attitude, forced orgasms, delayed orgasms, fur, nipples, three ways, ball sucking, gloves, riding crop, cell bars, cocksucking, waiting tongues... and

many, many a satisfied sigh. That is, in a sense, the complete review of Zeus Studios' strange new video, *Cum-a-thon*. Just touches and key words to make up the review, as build-ups and cum shots make up the entire tape.

It's almost impossible to say whether there is anyone who could actually enjoy *Cum-a-thon* in the usual way, as an erotic video--meaning that they would be stroking along with the men on the screen, thinking of cumming with them. In any case, there would be no way for even the most virile 21(!) year old to keep up with this tape on that level. With no fewer than 50 "stars," and every one of them cumming at least once, it would take Superman, Schwarzenegger, Van Damme, and 47 others working together to squirt every time someone on screen did. Ah, but there's the key to it all.

Think of *Cum-a-thon* as a party tape. Got it. New party game, made up rules: Every time one of the guys on the TV shoots, the guy at the party holding the ticket with the corresponding number (from 1 to 50) must also squirt a load. Sounds like fun to me, but pity the poor bastard who gets number 1--shoot now and forever hold your piece--and the guy who gets 50... no, not yet... no... still, not

yet...

Anyway, you know how hot the Zeus men have been over the years. Well, here they are, just about all of them. You know how wet the cum shots have been. Well, here are 50 of them for your reviewing, each with its original sound track and no overlay of icky music.

A fun tape, to say the least. And it may have another interesting use. Keep it near the VCR. When you're getting close, but the men in the tape you're watching have another twenty minutes to fill with "acting," just pop in *Cum-a-thon* and shoot with the stars.

Oh, and Zeus is selling this one this way, "50 Studstars, 50 Cumshots, 50 Bucks," which pretty well answers any questions, doesn't it?

For information on this and all current Zeus releases, send \$5.00 to Zeus, Box 64250, Los Angeles, CA 90064. If

### GORGEOUS OR GROTESQUE

Balls bounce back... from absolutely anything! That, at least, would seem to be the "message" in The Ball Club's video, Nasty Ball Dreams. In Drummer 158, I reviewed the Ball Club tape called (in the review) Balls. In response to that review, I got another BC tape, and the following letter: "Dear Mr. Bean, Thanks for reviewing Man and Steel in #158. Even though you used the wrong title [note: the outside of the box said "Balls"], and did not indicate the price [I had no idea of the price], your review prompted a significant number of inquiries that led to sales. I am enclosing a copy of Nasty Ball Dreams in the hope that you will take the time to view it and,

possibly, review it. [Here it is!] The running time is 60 minutes. VHS only. Price, shipping included: Ball Club members, \$46.00; non-members, 55.00. It may be ordered from the Ball Club, P. O. Box 1501, Pomona, CA 91769. A descriptive flyer about the Ball Club is offered, at no charge, to anyone who sends a self-addressed, stamped envelope. Finally, Drummer seems to be enjoying a renaissance under your guidance. That's nice to see!"

There, having let the producer himself handle the nitty-gritty details about the tape, all that remains for me to do is tell you what to expect in it. Wow and eek! These are not balls like any you're likely to see in the average bedroom, video booth, or bath house. These are stunning, gigantic, talented balls, balls that can take a major beating and keep on spurting!

What you see in Nasty Ball Dreams are balls, huge balls, dancing balls, and a finger in a stretched piss slit; balls reaching half way to the knees being banged against the thighs; stretched balls, swollen balls, and balls slapped and strung up with weights--including a rather serious looking dumbbell for a seriously long time... swinging.

You see balls pulled on by their owners and by others, stretched out till they can be twisted several times around. You see balls getting squeezed, sucked, nibbled, and punched; really punched and punched hard time after time, then kicked over and over. (About that ball punching stuff: It is extreme enough, and long enough to make me wonder if it doesn't give the word fisting a new mean-

ing.)

You also see balls put through their paces in a sort of in-the-sack gymnastics and exercise cycle. And, cum shots, and a thumb stuck in a piss slit.

If balls don't mean all that much to you, don't bother with *Nasty Ball Dreams*. On the other hand, if balls are even a little bit interesting, this tape is the first volume of the *Encyclopaedia Ball-tannica*.

One of the newest Bob Jones videos is *Whipping Master* starring Donny Russo on (sic!) Kevin Cox. This is not a Bob Jones video in the old, established way. No, this is Jones as producer with sometimes BJ tape star Rick Bolton as editor of a tape shot and directed by Michael Bredon, and "scripted" by the notorious Larry Townsend.

Obviously, Jones is onto something new here, and it has a good deal going for it in a number of ways. Now, the acting is never so good that you forget you're watching porn. The dominance is never so real you think Russo is anything like a bondage Master. The whole thing is just pokey enough to look like what it is, a hot fantasy.

Cox gets caught, subdued, and tied; spanked and handcuffed by Russo in an attic room, on a bare-mattressed bed. He gets clothespins on his tits, wrestles a bit, sniffs Russo's pit a bit, and then the action gets underway. Russo (still no expert) lays a great number of

red-stripe belt marks on Cox--on his ass, his back, and eventually even his front. Yes! It works for me.

I suppose we are meant to excuse Russo's lack of expertise when we see his spectacular pecs and abs. Not quite... but damn near. He is quite a beef-sculpture, even if he is a bit more shaved than some of us would like.

Russo handles the paddle well, and takes his cocksucking like a man (while delivering more of those handsome belt stripes to Cox, on his back this time). Just to round out the description of what you get for your bucks, there is an anal probe (sort of like a skinny dildo with a golf ball at the end) up Cox's ass while a butt plug gets fucked into his mouth; there's a lot more belting, including belting while he jerks off; there's another take on bondage and beating, with more cocksucking in the mix; and there's a nice cum shot: Cox shoots on Russo's boot then, just hesitantly enough, eats it off.

At the end of the tape you see, "Stay Tuned for Donny Russo Coming Attractions." Who knows what the title of the coming DR tape(s) will be, but they look exceptionally hot, with Russo as a struggling bondage bottom. Yes! It works for me.

For details about Bob Jones videos, write for an InfoPak for \$2.00, in-

cluding with your request the promise that you are old enough to be legally allowed to think for yourself. The address is: Bob Jones, Suite 106-239, 4200 Wisconsin Avenue NW, Washington, DC 20016. Or call (202) 364-2624, or fax (202) 362-7943.

Have you ever read *Lambda Book Report*? It's a magazine, one I've been aware of for some time. I even read a couple of issues about two years ago and like them. But I didn't stay with it. I should have.

If you've been skipping "Lambda" for whatever reason, take a(nother) look. I think you'll like it. Granted, I might never have gotten around to looking at it seriously if they hadn't asked me to write a review for them (which I did), but you don't have to wait (like I did) to be hit on the head with the proverbial ton o' bricks.

*Lambda Book Report* is a fine magazine, sort of a gay New York Times Review only better... for me, anyway. If you can't find LBR in your neighborhood, subscribe. To do that, write to *Lambda Book Report*, #309/1625 Connecticut Avenue NW, Washington, DC 20009. The rates are \$19.95 for one year (six issues) in the US; \$27.95 in Canada; \$31.95 elsewhere. # PRIME MATERIAL

by Gray Wright

I work for the telephone company, usually on the installation of lines. And I can confirm that all those stories about sexual propositioning are absolutely true. It may just be because I am young and fairly good-looking. I am twenty-eight with blond hair and greenish eyes - but I am forever being given the come-on by female customers. Every lady subscriber seems to spend the day lying in wait for me in some form of semi-transparent lingerie, which she does not know how to fasten properly!

I have a good physique, 5'11", 160 pounds, trim and somewhat muscular because I play squash regularly and I am fairly hairy. Big exception...those sex-starved women can only guess at what my body looks like under my clothes because I am one hundred-per-cent gay. I would not be against a little sexual fun if it came my way, but I don't meet too many men on installation work - sure, there are plenty around if it's a business line to be fixed. However, one day last year my luck

**On the table was a naked man, that is, naked except for a leather hood, which completely enveloped his head, and a pair of motorcycle boots; leather straps around his wrists and ankles.**

changed, or at least I thought it had, when I was due to install a second line for a fax-machine at the home of a certain N.J. Phillips, who was some kind of writer or journalist.

The address was a brownstone property on Sycamore Street, an area of town where the residents are usually well-to-do and straight! But one look at N.J. Phillips when he answered the door was enough to make me suspect that this was no heterosexual family man! He was two inches shorter than I, but was probably the same weight; and, though

he must have been at least ten years my senior, he had that unmistakable well-preserved look, which somehow only gay men seem to maintain. He had dark-brown hair and a well trimmed beard, with blue eyes, which looked as if they could read you like a book, or, at any rate, size up exactly how you would look buck-naked. Mind you, I was trying to do that with him as soon as I clapped eyes on him! He was a really sexy-looking guy. Moreover, he was wearing jeans which no straight guy of his age would ever dare be seen, in

other words, they showed a huge bulge at the crotch, and when he turned to lead me upstairs, I could see bare, hairy flesh and what might have been the straps of a jock through some rips in the seat of his pants. I did not particularly care for the studded belt he wore, but I was certain I would not say "No" to fucking that very attractive butt, if I could only find some way of getting an offer.

I was so involved with admiring his ass and wondering how I could casually turn the conversation around to fucking, that I scarcely listened to him as he led

me upstairs. He seemed to be concerned that I should not take wiring via the cellar, but since he wanted the fax-line in a room on the top floor, I told him the cable would come through the roof. We were in the room, lined with books, where he wanted the fax, when he turned and smiled, and looked at me with eyes which would have melted a heart of stone.

"Before you start, I wonder if I could ask you a really big favor, er....I didn't catch your name?"

"Peter," I replied. I refrained from adding, if the big favor was a heavy screwing session, I was only too ready to oblige.

"Peter," he went on, "I'm Norton, by the way, like the motorcycles." Did I detect a sexier tone in his voice when he mentioned motorcycles? "Peter, I know it will not be listed on your work schedule, but I wonder if, before you

tackle the fax-line, there is any way you could run an extension line off the main telephone into the second study? I am sure we could make it worth your while."

Of course, doing anything for which there is no paperwork is strictly against company rules, but, led on by his mention of making it worth my while, I had agreed within minutes.

"I'll leave you to it then," he grinned. "I expect you'll still be here at lunchtime. I have to go out for a while, and I'll pick up something special for lunch for us. In the meantime, make yourself at home - there's coffee in the kitchen. See you later, Peter."

I was flattered by the friendly use of my name, and the way he seemed to trust me by leaving me on my own in his house. Hoping that the "something special for lunch" might be him, I busied myself and had the telephone extension completed in twenty minutes. Turning my attention to the fax-line, I discovered that I had been wrong about the lines coming in by the roof. I was going to have to run the second line along with the first, which came in from the street through the basement. I found the door which seemed to lead downstairs. For a moment, thought I had made a mistake, because it still looked dark, when I switched on the light. However, I soon saw that lighting had come on below, but was concentrated on a far section of the cellar. I went downstairs, but stopped short in amazement at what I saw.

Bathed in light from carefully arranged spotlights was a table covered in black leather. On the table was a naked man, that is, naked except for a leather hood, which completely enveloped his head, and a pair of motorcycle boots; leather straps around his wrists and ankles were secured by chains to the sides of the table, and there were chains similarly attached to the leather collar he wore. I had been around enough to know that I had stumbled across a fairly heavy SM scene. Leather gear has always looked quite sexy to me, but I had never been interested by any of the activities practiced by leathersmen. A good hard fuck and some tit-play were about my limit, and I did not see the point of getting anyone into bondage.

However, the guy on the table looked really sexy, even though I could not see his face, and my prick began to stiffen in appreciation, as I moved forward to investigate. As I drew closer, I could see that linked to his collar were two small chains which in turn were tightly attached to the small rings which were set in his nipples. The chains were so taut that even the rise and fall of his chest, by breathing, must have caused discomfort. But even more fascinating was the arrangement around his cock and balls; little leather straps were padlocked around them, dividing and extending his balls from the base of his ball sack. Connected to the strap which divided his balls ran a rope over a pulley in the ceiling. From the end of the rope dangled a bucket in which there must have been about ten pounds of ball-bearings.

He must have heard me approach, because I saw his body tense. At the same time, his cock stiffened, and he achieved a full erection about the same

**His chest jerked, the chain pulled savagely on his tit-ring, and he let out what would have been a yelp, had it not been stifled by the gag.**

time I did. I wondered how anyone could be turned on by all this, and what it felt like to be lying totally helpless with your cock and balls strung up to the ceiling. He had a firm, muscular body, and I guessed he was about my age. Did he think I was Norton, or did he recognize I was a stranger? One thing caught my attention; he was very hairy, almost as hairy as I am, with a thick mat across his chest and over his abdomen. I was surprised because the bottommen in any slave stories I had read were always shaved. Then I noticed that there were small bald patches across his chest, and on closer inspection, I saw they were in the shape of the letters "N.J.P." Norton J. Phillips had shaved his initials on the young man's chest!

My mind was working fast; those initials meant that there was little likelihood of my having access to Norton's ass, but here in front of me was a hunky guy, horny in anticipation of being played around with. It seemed that I had the chance to get my rocks off after all. I began to cast around for what I might do to liven things up. That was when I saw that the whole cellar was set up as a sort of dungeon/torture-chamber. There was a pillory, and a seat that looked like an electric chair, bristling with straps and buckles; iron-bars from floor to ceiling in one corner formed a cell; there was a shower and toilet in another, and along the entire length of the far wall were ranged every sort of restraint and torture-device imaginable. I moved over to inspect the collection, looking for something simple I might know how to use.

First to catch my eye was a neat line of padlocks and keys. As each padlock and its corresponding key were numbered, I would have no difficulty in freeing parts of the slave's anatomy, if I wanted access. Then I noticed several candles, and my mind went back to one of the ordeals commonly performed during initiation rituals at college: dribbling melted wax over tender parts of the body. I figured that this slave was perfectly positioned for hot wax to have maximum effect! No doubt he heard me light the candle and guessed what was coming, but he still had his erection when I dribbled the first drops on his left tit. His chest jerked, the chain pulled

savagely on his tit-ring, and he let out what would have been a yelp, had it not been stifled by the gag which I now saw to be strapped over the leather hood. But his uncut cock shot even more stiffly to attention. I was thoroughly rampant myself, as I set about covering his tits with wax. I found his movements and the muffled screams from the combined pain of the wax and the pulling on the tit-rings a real turn on, and began to see why sadism makes sex interesting!

Having coated his tits thoroughly, I moved on and filled in with wax each of the initials, "N.J.P." on his chest. A few sprinklings on his belly, and I was ready to hit the lower levels. He was still rock-hard, and lay tensed in anticipation of the assault on his prick. However, I decided to surprise him with some preliminary drops on his inner thighs. The reaction was marvelous; a jerk so strong that I heard some of the ball bearings in the

bucket rattle as his balls yanked the rope and what might have been a suppressed "No!" from behind the gag. Then it was time for the cock and balls - more violent jerks, more rattling of the ball bearings and some deep moaning instead of yells. Could he be enjoying this? Certainly his cock never softened, even the slightest, as I coated it and his balls in wax, not even when I held the candle pretty close so that the wax would be at its hottest.

While I was working on his cock and balls, I was tempted to explore his ass. I thought I might get my fingers up inside as a prelude to finishing the session with a good hard fuck. However, my fingers discovered that he had a metallic plug up his ass. This was held in place by a little leather harness fastened with padlocks. I would not be able to remove the plug without finding the right padlock-keys, but noticed that, unlike any of the others, the padlocks on the plug-harness were not numbered. Rather than fumble about trying keys, I changed my tactics and decided to relieve my aching hard-on by fucking his face. I selected the appropriate keys to unlock his wrist and ankle restraints and the gag. I guessed that he must have realized by then that I was not Norton, but hadn't I read that Masters commonly lent out their slaves to service others? I reckoned that once I had shot my load in his mouth, I could gag and chain him up again, and be back at my work before Norton arrived home. It would be up to the slave to explain how he came to be covered in candlewax.

I dismantled the rope and bucket, and decided to undo the wrists, one at a time. If he showed any sign of resistance, I could quickly chain him up again, but he lay quite passively, as I unchained him, obviously waiting for orders. In my gruffest voice I ordered him to get off the table and kneel. I unbuttoned my jeans, reached into my jock (I never wear ordinary underwear), and drew out my throbbing prick, ready to thrust into his mouth as soon as I removed the gag. It couldn't have been easier. I cupped both hands behind his head so that he was forced to take my full eight inches deep into his throat, and began to fuck his hooded head for all it was worth. I was so horny I could feel my cum welling up, ready to explode in his mouth when all of a sudden a strong grip yanked my arms firmly behind my back, and a voice grunted in my ear:

"Caught in the act, eh?" It was Norton, of course. I tried to struggle, but Norton had much too strong a hold on me. "Sonny," he commanded, "cuffs!"

It was obviously Sonny whose face I had been fucking. In seconds he had removed the blind fold which was buckled at the back of his hood, found a pair of steel handcuffs and snapped them on my wrists. I cursed my stupidity for having undone his restraints, for I would not have been so easily overcome if it had been one-on-one. I tried to kick out, but my jeans had slipped to my ankles in the commotion. Things were taking a rather unpleasant twist, but, instead of going all contrite and apologizing, which would have been the most sensible line of action, something made me blurt out:

"Get your hands off me, you fucking perverts, and let me out of here!"

"Gag, Sonny," was Norton's cool response, and within seconds, my mouth was stuffed with the same rubber ball gag, still wet with saliva, that I had just removed from Sonny's mouth. Instead of increasing my fear, I found the gag somehow exciting, I think, because I had so recently been using it on someone else, and my prick, which was still poking

out of the pouch of my jock, began to rise to attention.

"I shall do all the talking from now on," said Norton mockingly, moving to stand in front of me, and letting Sonny take grip of me from behind, "First, you are trespassing in my cellar. Second, you have used some very nasty words about us. Third, you have interfered with my slave without my permission. And finally, you acted so fucking cocky and cute when you arrived this morning, you could have won a best-actress

**The handcuffs dug painfully into my wrists, as Norton sat on me while Sonny pulled off my jeans and then my jockstrap, attaching leather cuffs to my ankles.**

award."

Somehow the last remark stung, probably because it was so true. I tried to tell him I was as macho as he, but, of course, couldn't. Now he openly laughed in my face.

"I guess we'll just have to teach you a little lesson - how to behave properly when you're in a leatherman's workroom. Let's see, you had the impertinence to release my slave without my bidding. I think the only remedy will be for you to take his place for a while, don't you agree?"

A vision of the tight chains in Sonny's tit-rings flashed before me, and I vigorously shook my head and found myself trying to say "Please, no!" through the rubber wedged in my mouth. Norton leered at me.

"Fair is fair. You had your pleasure with Sonny. It's only fitting that he should get to do to you what you did to him. Looks as if you are in for a hot-wax trip to start, and then maybe I can amuse myself with the two of you in some way. Let's go!"

Thinking I was about to be strapped to the table, I tried to pull away in the opposite direction, but that only made things easier for them. They had no

trouble in dragging me across to a leather-covered mattress on the floor, and threw me down on my back. The handcuffs dug painfully into my wrists, as Norton sat on me while Sonny pulled off my jeans and then my jockstrap, attaching leather cuffs to my ankles. Chains were then fastened between the cuffs and some hooks in the ceiling. My legs were soon wide apart high in the air, although my backside was still on the mattress. They turned their attention to my arms; leather-cuffs with chains were padlocked on each wrist, before the handcuffs were undone. With deft movements,

my shirt was removed and each wrist was chained to metal rings in the floor on either side of the mattress. Needless to say, I tried to resist and protest, but with the two of them against me, I hadn't a chance. Even in the midst of it all, I was aware that I had not lost my hard-on. Being man-handled by a guy as sexy as Norton was a real turn-on!

Norton stood between my legs surveying his handiwork. It looked as if he had a hard-on, too. He saw that my eyes were on his crotch, grinned, and said, "That special harness, Sonny."

At first I thought it was going to be a plug-harness like the one Sonny still wore, and I got really worried, because nothing, but nothing, ever went up my ass. To my relief, Sonny came to my head and started to buckle on a device which seemed to be

a mass of leather straps encircling my head. My attention was for the moment diverted from Norton, until I heard the unmistakable sound of water hitting a toilet bowl, and guessed that he must be peeing. When he returned to stand between my legs, he seemed to have something in his hand, but I could not make out what it was.

"I think you have seen enough for now," he announced simply, whereupon Sonny buckled a blindfold across my eyes. At the same time, Norton's hand began to massage my cock, and I started to feel really horny again. There still seemed to be some loose straps on the head-harness, which I guessed might be for a gag attachment. It looked as though I might be getting rid of the rubber ball, which really made my jaw ache. Sure enough, Sonny began to remove the gag, and to my surprise, I heard myself say, "Thank you."

Instantaneously, the hand manipulating my cock grabbed my balls and started twisting like fury.

"Thank you what?" rasped Norton.

"Thank you, Sir!" I yelled. He released my balls. Was that really me, so meekly falling into role-play?

"You catch on quick, boy," he replied. "Seems like you're just a natural submissive."

"I am....fucking hell!" I retorted "I'm always on top. No one fucks around with me, or fucks me. Just get these fucking straps off me, and I'll show you who's fucking submissive." Even as the words came out, I knew how stupid they sounded.

"My, but you do have a nasty tongue," mocked Norton, starting to massage my cock again. "Don't worry, I wouldn't risk my prick anywhere near your nelly asshole, but I am going to give you something to match that foul mouth of yours."

With that I felt something cold and wet being forced in my mouth. I tried to spit it out, but had a taste of liquid instead; it was bitter, like stale beer. Norton stuffed the whole of what felt like a wet rag into my mouth and secured it there with one of the straps of the head harness.

"I trust you recognize your own jock, asswipe?" Norton announced. "But you may not be able to identify the taste of piss!"

He had gagged me with my own jock, which he had just pissed on. I felt sickened and humiliated, but could not stop myself from getting horny again as he fitted some leather straps to my cock and balls, and the pressure made me grow rock hard. Then suddenly, the first drops of wax hit my tits. I had been so concentrated on the pleasure from my cock, which was beginning to make even the piss-soaked jock taste sexy, that I had not heard the lighting of the candle. I thought I had done a fairly neat job on Sonny, but his artistry was fiendish. In seconds he had me moaning and twisting in agony, as he showered wax on my body. It was impossible to tell where the next drops would land - tits, belly, thighs, cock or balls. But, although the momentary burning sensation was painful, it was sexually stimulating as well, and I was soon in a frenzy, wanting to shoot my load. In fact, I was begging them to make me cum, except the gag prevented me from forming the words properly. I wondered if I looked and sounded as sexy as Sonny had earlier; writhing and moaning in my bonds.

Then fingers started to probe my ass, causing me to tense up. "Relax," ordered Norton, "You're not going to be fucked, just plugged!"

There was nothing I could do to stop him from greasing my hole and working a couple of fingers up inside. I must confess that it was such a good feeling that I couldn't stop myself from rolling my ass, trying to accommodate the fingers even deeper inside my gut.

"Always top, and never fucked!" Norton mimicked my earlier remark, "You're prime slave material, baby, if I ever saw it."

The messages of stimulation coming from my cock and my asshole made me think that perhaps he was right, especially since, after the first few moments of discomfort from the plug, when it was inserted and felt as big as a tree trunk, the pain in my butt seemed to convert itself into erotic pleasure. I was consumed with a desire to spend the rest of my days plugged. Norton must have sensed the effect on me, for his next move was to strap a plug-harness on me. I heard the satisfying snap of padlocks to lock the metallic plug in place. I had never before experienced

such strong excitement, and it seemed as if I was heading for pure ecstasy, when a mouth closed over my throbbing dick. I started pushing hard into Sonny's soft, wet orifice.

"Not yet," barked Norton, "don't make the slightest move until I give permission." I obeyed instantaneously, because I didn't want to miss out on finally pumping my cum down that welcoming throat. Norton's fingers were doing something with the straps around my cock and balls. Then, he turned his attention to my mouth. Off came the strap, and out came the piss soaked jock. Before there was time to utter a sound, into my mouth was thrust a stiff prick. Sonny's prick. It was so deep that I almost choked. Norton's fingers were now adjusting my head-harness, and, as I sought to draw my head back from the penetrating cock, I found I couldn't pull off. It dawned on me that Sonny and I had just been put into a sixty-nine position from which we could not extract ourselves because each had his cock and balls buckled onto the other's head-harness. I was burning to start ramming my shaft down Sonny's throat, and I could sense that he must be dying to do the same, but we held still. Norton unshackled my wrists from the floor and locked them together again behind Sonny's back. Then my ankles were released, we were rolled over, and Sonny's hands were secured behind my back. We were now quite inseparable.

"Now," said Norton, "the last touch is something which should appeal to a telecommunications engineer. Sonny loves it, but we can't always find a partner to enjoy it with him. In my hand are two little remote control devices which activate electrodes on those plugs up your asses to emit a charge of electricity every time I turn the switch. You are going to be shocked into cumming, one might say."

With that, I felt the first pulse of current deep inside me; it made me jerk and produce a tingling sensation. Sonny must have received a wave of electricity at almost the same moment, because his cock suddenly pushed deeper into my throat. The stimulus of the shocks, causing us to writhe and thresh around on the mattress, served to intensify the excitement of having a hungry mouth inextricably attached to each other's rampant cock. Although we both sought to prolong the pleasure, there was nothing we could do to control the charges, which sent our pricks thrusting into each other's throats every time Norton turned the switch. I could feel my own cum welling up from within my balls. Sonny was close to climax, too and in all too short a time we were simultaneously pumping each other's mouth full of hot gism, while Norton continued to make us wriggle with electric shock waves, hitting a pinnacle of excitement which made all my previous sexual activity pale into tameness.

This experience happened almost exactly a year ago. When it was over, Norton released me from everything except the plug and plug-harness, which he left locked on me. I was sent home still wearing it, with instructions to return the following morning to have it removed. If I tell you my address is now that brownstone on Sycamore Street and the initials "N.J.P." are shaved on my chest, the same as Sonny, then you will know that Norton was right; I am prime slave material.

## S/M TOYS • REALITY vs FANTASY

by Hal Regenbogen

You're shoved roughly into a dark room by the man who has claimed you as his slave for the night. You stand enveloped in the blackness, straining to hear your Master's movements to try and figure out what He is doing. Each of your senses are heightened by a combination of sexual energy, straining to break free and an increasing sense of fear. Suddenly, behind you is the slight flare of candles being lit. As your eyes slowly adjust to the dim illumination, you begin to make out certain items in the room. The whips and the cat-o'-nine-tails, the cuffs bolted to the wall, the chains, the cross and some instruments you can't even fathom how they work, only that they will cause you pain and, therefore, your Master pleasure. As your gaze wanders, you realize that your cock is harder than ever with animal lust, but at the same time animal terror is oozing from the pit of your stomach and seeping out every pore.

"Strip!" the order is barked out. You quickly obey, leaving your clothes neatly folded in a pile on the floor. With a sudden feeling of vulnerability that comes from standing naked before a dressed man, you gaze at your new owner.

"Who gave you permission to look up, scumbag!" He shouts. Your eyes obediently drop to the floor as he walks up behind you and fastens a collar around your neck. Then, before you can protest the Master grabs your arms and twists them, locking your wrists into the cuffs on the collar. First one then the other. He then shoves you towards the center of the room. The fact that you lost your footing and fell only adds to your embarrassment; and your Master's enjoyment. He begins to slowly circle around you, inspecting you like you

were a slab of meat. As he circles, adrenaline is pumping like mad, feeding off both your sexual tension and your ever growing fear.

"Now," He says, walking over to his rack of equipment. "How shall we begin to question you?"

despite or because of the pain that you know will soon begin, you smile to yourself, thinking, "Tonight is going to be some good games."

To many of the practitioners of S/M, the idea and the reality of dungeon scenarios like the one above is a trip to be enjoyed over and over again. The use of leather restraints, hoods, harnesses and the many styles of whips heighten sexual enjoyment for both the top and his bottom. For others, it's the sense of power over another person through either verbal or physical control, and over that person's actions and emotions. Still for others it is the sense of danger and risk that provides the extra pleasure that takes each sexual experience to a new high. There is one common thread through each of these fantasy trips. For the most part they are fantasy trips, designed to thrill and recreate a time when slavery was real; and; today's practitioners overtly sexual. The clothes and the equipment used all are drawn from the dark dangerous parts of our past to increase the giving and receiving of both pleasure, pain and

enjoyment/terror to the point that the Top may hurt his victim, but not damage him.

The toys used by S/M practitioners are virtually the very same devices (with slight variation), used during such periods as the Great Spanish Inquisition, only then with much more sinister intent. These instruments were used on heretics and other prisoners to obtain confessions of crimes against the Church, who at that point ruled over half the known world. To the torturers of the Inquisition the idea of a safety word was unheard of.

### MASKS

One of the oldest and perhaps most feared objects used in both interrogations and training is the mask. Masks can range from something as simple as a blindfold, to a full head covering with or without open-

ings for the eyes, nose and/or mouth, to something as elaborate as the "Devil's Face" which is a device made of iron designed to be locked around the victim's head. they are feared because whoever controls the mask controls how much air, sight, sound and perception of his surroundings the victim has. As the inquisitors discovered, fear of the unknown was perhaps their most powerful weapon.

Today's masks, for the most part are made of soft leather often laced up the back and can either blindfold and/or gag a slave. Over the counter masks always have some opening, usually for the nose, so that the bottom's hands are bound, he has access to remove the mask. Masks played a much more frightening and deadly role during the Inquisition. Certain masks, would not only blindfold you, but often they had spikes in them that would blind or mutilate. There was also no guarantee that the masks would have airholes for breathing. That was a decision your captor made, as a prisoner, you had no rights.

Besides being used for scare tactics during the Inquisition, masks were also used as punishment or as a lawful way to question a prisoner to assure honest answers. the Devil's

of the victim by a padlock around the neck, never to be removed. This would mark the victim for life as a criminal or heretic no matter where he went.

**The use of leather restraints, hoods, harnesses and the many styles of whips heighten sexual enjoyment for both the top and his bottom.**

## HARNESSES AND RESTRAINTS

To many members of the Leather Community, the wearing of harnesses is a form of status. By looking at the type of harness worn the wearer immediately establishes

himself as a Top or bottom, Master or slave. Today's harnesses can reveal what part of the body the wearer enjoys using most or, depending on the attachments it has, how he desires to either treat others or be treated. Like the modern day mask, harnesses are made for maximum comfort and easy removal.

During the Inquisition the situation was somewhat different. At that

Face was a mask that received its name from the metal faceplate, in the shape of the devil's face, that fit over the victim's face. The bottom of the mask was then locked around the prisoner's neck and hot oil or wax could be poured into the victim's ears or mouth through the mask's long funnel like attachments. Other masks, usually made of iron were designed to be permanently attached over the head

time, harnesses had one purpose and one purpose only. They were used to keep a prisoner immobile so that his Masters could do whatever they felt was just and proper, no matter how painful or dangerous to the intended victim.

The harness, during this time period played the role of almost a portable prison. Unlike the modern harness, the medieval variety wasn't designed to accentuate the body, but to offer maximum

exposure of the prisoner to the tortures, while offering the victim the least amount of freedom. Usually a harness would force a prisoners hands either behind his back or bind them to his sides. Very often they would have a collar (padlocked) and with a chain leash attached for controlling the prisoner's movements. Harnesses were also used to attach prisoners to such devices as the rack, or to the wheel, where he might be drawn and quartered.

For the most part, restraints have not changed much in their design or usage over the centuries. The biggest difference is that now most restraints are made of leather (and are often with padding) and buckle instead of lock. In the time of the Inquisition, most restraints were either made of rough rope or were manacle and chains. Unlike today's health conscious society, if the chains and manacles rusted or became caked with blood or grime, that was the problem of the next prisoner, not the concern of the captors. The second major difference was that once a prisoner was put into chains the odds were that he would not have them removed till he was either a free or dead man.

### **THE LASH**

The lash, the whip and the cat have been used as punishment since before the Inquisition. They are perhaps the only items that are still being used for their original purpose. In today's society, most Masters and Tops don't beat their slaves and bottoms with the idea of permanently marking them, like in medieval times and before. Even today, the number of hits and the intensity of the beating is determined by the lesson to be taught.

It is now hours later and you kneel exhausted, yet satisfied before your Master's boots. In the last seven hours he has kept you in full bondage while he beat you, poured hot wax on you, and used your body for whatever he felt would bring him the most pleasure. As you kiss his boot in gratitude, you know that had he used your body beyond your endurance, a code word, previously arranged, would have freed you instantly. Had this scene taken place a mere 500 years ago; quite possibly your enjoyment would have been true terror as today's toys were yesterday's accepted legal methods for questioning a prisoner without mercy or escape.

# ELECTRICAL NOW IN STOCK!

**Caution:** the basic rule in electrical play is the two leads must be arranged so there is no current running through the chest cavity. Simplified: **NO CONTACTS ABOVE THE WAIST!**

## P.E.S. Electro Stimulation Box—THE ORIGINAL INOVATOR

Our unit offers several improvements over any previous; stronger and more pleasant frequencies, can be used with up to four attachments (2 or 4 attachments on one person or 2 attachments each on two people), instant kill switches for each channel, provides a potential for interesting variations in delivery of the current. L.E.D. indicator lights so you can see the pulse of the unit. Includes AC adaptor or can be used with 9 Volt alkaline battery. Two intensity controls allow you to fine tune the sensations. Separate frequency and pulse rate controls offer the maximum range of stimulation variations. Also includes 2 sets of leads for attachments listed below. Absolute pleasure!!!! —**M401 P.E.S. BOX W/AC ADAPTOR AND TWO SETS OF LEADS \$299.95**

## Aquasonic 100

Ultra Sound Transmission Gel. Water soluble, non greasy and will not irritate tissue. Safe for external or anal application. Solution will add to electrical signal strength, ideal for use with cockrings, or whatever. 8 fl oz. —**M503 AQUASONIC \$7.95**

## Electric Butt Plug

The charge of a lifetime. An ACRYLIC butt plug with two electrodes that stimulate the anal sphincters. When used with the P.E.S. Box that has an adjustable pulse rate, this butt plug can become an actual *fucking machine* sliding in and out of the ass by itself (with proper setting on power source). Available in three sizes. Expensive but worth it.

**M554 6" x 1 3/4" BUTTPLUG (LARGE) \$169.95**

**M555 6" x 1 1/2" BUTTPLUG (MED) \$169.95**

**M556 5" x 1 1/2" BUTTPLUG (SMALL) \$169.95**

## ElectroPlate

This is a concave oval of LEXAN with two electrode strips. Designed to stimulate the lips of the vagina, it also works well anywhere on the male body. Try it on the scrotum, inside of the thigh, on the bottom of the foot...—**M558 ELECTRO PLATE \$59.95**

## Sparkler—Cock Head Stimulator

This is a short length of conductive rubber that, when used anally, for urethral insertion, or looped through the acrylic platform, becomes a mystical cock-head stimulator in conjunction with a single cockring at the base of the cock (approximately 6" long by 1/8" diameter). Originally designed for anal insertion. If used with single electrode cockring, the current will pass from the front on the body through the prostrate into the ass. Can be used in any moist opening below the waist including the urethra, but if used for urethral insertion must be a one person toy. Caution this one delivers quite a jolt.

—**M557 SPARKLER \$49.95**

## Cockrings

Lexan cockrings are available in four inside diameters: 1 1/4", 1 1/2", 1 3/4" and 2". Each size is available with a single electrode and conductive material running the full circle, or with two electrodes and separate areas of conductive material on each half of the circle.

**M561 SINGLE ELECTRODE COCKRING \$49.95**

**M562 DOUBLE ELECTRODE COCKRING \$49.95**

**M563 SET OF TWO COCKRINGS (M561,M562) \$79.95**

Please specify size(s) when ordering.

an erotic short story by DAVID MAY

"You're not too big to spank," Ken's father used to say. And at least once a week he did spank Ken with a paddle, bend Ken over his knee, Ken's ass bare for the paddle. Where most teenagers would have run from their father, or at least challenged him, Ken went meekly to his punishment, handing his father the hard rubber paddle that had hung on the closet door for most of a decade.

"I hate him," he'd tell his friends. "I can hardly wait to get away to college."

What Ken failed to mention was the rubber he put on his hard dick when his father spanked him, a precaution he'd taken since the first time he'd cum while being spanked, leaving an embarrassing wet spot on his father's trousers. While he was certain he felt his father's dick harden and move beneath him as he lay bent across his father's lap, jeans and briefs pulled down just far enough to expose his butt cheeks but not far enough for his rubber sheathed dick to actually touch his father's leg, he said nothing. To say anything, he understood without being told, would ruin the sweetness of the moment, deprive him of the moment, his body shivering all over and his thick cock exploding into the sweet, tight confines of the Trojan. Each time he cried out loud as he came and his sweating body collapsed across his father's lap, his father would say, "That will teach you to sass your old Dad."

"Yes, sir," Ken would say sheepishly pulling up his briefs and jeans quickly to hide the condemning cum filled condom. "Thanks, Dad." And he would run into the bathroom to wash his face and dick, to flush the rubber down the toilet. It was a secret they both kept, their silence being their protection from the world's condemnation. But it was a dirty, dirty secret.

Ken's father died suddenly during Ken's first year of college. Ken was bereft, not only from the loss of the father he loved, but of the secret he could share with no one. He had gone to a psychiatrist and talked about being spanked until he was eighteen years old, always withholding the part about the rubber and cumming as the paddle smashed against his bare ass.

"Do you think you may have actually liked being spanked?" asked the psychiatrist, not unreasonably.

**"Oh, no," protested Ken, terrified that his secret had been discovered. "I hated it!"**  
He never went back to that psychiatrist again. Instead he found a man big enough to beat him up --- fell in love with him. The man, a senior on the rowing team, had no interest in hurting Ken, however. He made love to Ken, instead, drowning Ken in tenderness and thoughtful gestures that anyone else, Ken was sure, would have appreciated more. When Ken suggested, and rather circumspectly, that their love making might get a bit rougher, his boyfriend was aghast, called it sick, and wanted to know where Ken had gotten such an idea. Not long after that Ken made a point of being caught cheating with

another guy so his boyfriend would break up with him. Ken was saddened, though, since he had loved him very much. All he had wanted, he said to himself, was to share the secret.

Other men came and went during college. Some younger than himself, inexperienced and bumbling. Others were more sophisticated, unafraid to bite or occasionally slap Ken. But with no one did he share the secret, or show the paddle he'd brought from home. He caressed it only in secret, slapping himself with it when he was alone in his room. And while it felt good, it was never the same.

When he graduated he moved to San Francisco. After his suburban home town and rural college, he was hardly prepared for the intensity of the City, for the many men available for sex, for the discovery that other men shared his secret but discussed it unashamed.

Late one night while walking down Ringold Alley, he saw a man leaning in his garage doorway gently fondling his crotch through thread bare jeans. They made eye contact and Ken followed the stranger into the darkness of the garage. Before they could so much as kiss, though, Ken saw a paddle very much like the one his father had used, hanging on the wall. Even in the dimness of the garage, Ken recognized the outline of it easily. He took the paddle off it's hook and handed it to the man, his eyes brimming over.

"Please," he said. "Please. I've been so bad."

"Sure, kid. Bend over."

As the paddle found it's mark in the darkness of the garage, as the sound of the paddle hitting flesh echoed out on to the street, Ken could be heard over and over saying, "Yes, Dad, yes, Dad, yes." And then he cried out loud, felt his cock explode as it had not done since the last time he'd seen his father alive.

"Thank you," he eventually managed to mumble as he picked himself up off the floor where he'd collapsed.

"Sure, kid. Now suck me off."

Ken stayed where he was on his knees and wordlessly obeyed. That night he went home happy, slept well for the first time in years.

On Monday, as he sat with his sore butt in a gray flannel suit at work, his boss noticed a change for the better in Ken's attitude and performance. "Whatever it is," said his boss. "Keep it up. Ken decided then and there to look for the man who had spanked him, to find others like himself. He was only following his boss's orders.

The next weekend he found the man again, standing in the same garage doorway.

"Hey, kid."

"Sir."

"I think you'd better come inside."

Ken followed, smiling, his heart beating faster in anticipation.

Seeing the man in the light for the first time, Ken saw how handsome he was, how the gray etched in his beard made him sexier than he'd been before. He also noticed the latex shirt that clung tightly to his body, showing the expanse of his chest, the ripples of his stomach, the thickness of his arms. The man pulled Ken to him and Ken sucked on the man's pierced nipple through the rubber, inhaling the sweet smell of the latex so much like that of the paddle his father had used (the one tied to his

.....

right back belt loop at that very moment), like the Trojans he wore when his father spanked him.

"That's a boy. Make Dad feel good or he'll beat your butt."

Ken pulled away a moment, looked into his new Dad's face, horror struck.

"Excuse me, son. Or I won't beat your butt."

Smiling, Ken sank to his knees and began working on Dad's cock until it was time for his spanking. Dad smiled as he put the Trojan on Ken's dick and bent him over Dad's lap.

"Wouldn't do to get Dad's pants dirty with your cum, would it, son?"

"No, Sir," agreed Ken, neglecting to mention that he enjoyed the snug feel of the rubber sheathing his cock, and even the smell of the Trojan when he opened the foil envelope. "I want you to spank me again and again, Sir. And, Dad?"

"Yes, son?"

"Could you please use this one?" said Ken handing him his father's rubber paddle. "I like it a lot, Sir."

"Sure, Son."

Ken laid across Dad's lap, felt Dad's big hand on against his thigh, and took the punishment/reward Dad gave him until he screamed so loud they heard him on the street. He came into the rubber, filled the tight sheath with his cum, and collapsed over Dad's lap. Dad let Ken recuperate before sticking a finger into the tender bung hole.

"No one's ever fucked me before, Dad."

"Good, son. I think Dad should be the first. Don't you?"

"Yes, Sir."

A few minutes and Dad was wearing a condom and fucking Ken, ramming his cock into the well spanked butt. Then it was Dad who screamed as he came, collapsing on top of Ken for several minutes.

"Here," said Dad when he gotten up, peeling off the latex shirt. "Clean this." He tossed the shirt to Ken and finished the order. "With your tongue."

Ken obeyed, diving deep into the dark, sweaty recesses of the shirt, lapping up Dad's funky, smelly sweat from the sweet, aromatic rubber.

"Thanks, Dad."

"Do a good job on the shirt, son, and I'll let you do my pits."

Ken renewed his tonguing of the latex garment with renewed enthusiasm.

"Good, boy."

The next day, rubber butt plug firmly in place, Ken went shopping. He found and bought a pair of rubber shorts that molded tightly to his skin, clearly outlining his cock and balls, and most important, his round, tight buns. But the rubber's tightness didn't help his sore ass cheeks. Every time he took a step he felt again and again the intensity of Dad's spanking. His cock got hard as he walked to work on Monday, the rubber shorts beneath his suit, and then came as he sat down at his desk.

"You look chipper today, Ken," said his boss. "Glad you feel this good on a Monday morning."

Ken smiled, nodded, and refrained from washing the cum from the rubber shorts until he

got home. Then he jerked off with the rubber shorts covering his face. The mixture of latex and funk filled his nostrils. He shot all over himself.

"I don't know," said Dad a few days later. "I like seeing your bare ass when I spank you."

"Please, Dad. I want it so bad."

"Okay, son. For you."

Dad spanked Ken through the rubber, the rubber paddle slapping hard through the rubber shorts and making nasty, sticking sounds with each impact. With the sensation of being spanked coupled with the confines of the rubber, Ken came in minutes.

"But I'm not done spanking you," complained Dad. He pulled down Ken's rubber shorts and finished the spanking on his bare ass. Dad didn't notice until he was done spanking and fucking Ken that Ken's cum had spilled from the rubber shorts and onto his trousers.

"Son," he said smiling, "I'll need to punish you for that."

"Yes, Dad," Ken smiled in return.

Dad found a cock and ball sheath made of black latex. Ken's fat dick got hard as soon as the latex touched it. Then Dad spanked Ken a second time until he came again, this time into the sheath.

"Now that got me hot again," said Dad. "I think you better give Dad some head, son."

Ken obeyed, swallowing Dad's big, beautiful cock as best he could. He choked when Dad's already huge head expanded and shot, filling the Trojan with cum. Ken wanted the cum, but also wanted to taste the rubber. He wondered if, someday, when they knew each other better, he might be given these used condoms to use as chewing gum.

Sometimes Dad took Ken dancing. Dad would wear a tight latex tank top and Ken his rubber shorts. When they got home, Ken would lick the latex clean of Dad's sweat. This was his favorite job. He could never get enough of Dad's masculine funk on the sweet smell of the rubber.

The best part of all, however, was that Ken stopped keeping secrets. When he went to bars or parties with Dad, everyone knew that Ken wanted and needed to be spanked until he came. Everyone knew that he and Dad lived, danced, made love in latex. And while he was naturally discreet at work, neither did he tell deliberate and elaborate lies to disguise his life from his co-workers.

"You," said a co-worker, "are in love. Why else would you be so happy?"

Ken only smiled and nodded, feeling his dick harden against his new rubber briefs.

**"But I loved it when my father spanked me," he told his new psychiatrist many months later. "He spanked me until I came into the rubber."**

**"Did you always 'come'?"**

**"Since I was sixteen. But I couldn't admit it to anyone. And we never talked about it. But Dad and I talk about it --"**

**"Dad"? You mean you're boyfriend?"**

**"Whatever. I call him Dad. I never called my father anything but Father. Dad I feel close to. I love Dad. He loves me."**

**"And you didn't love your father?"**

**"Oh, I did love him. It's just that we could never be honest with each other, never even say we loved each other. And when he died, I ---"**

**"Yes, Kenneth."**

**"I thought I'd have to keep my being spanked a secret my whole life."**

**"And now?"**

**"Now..... I love Dad and I don't have anymore secrets.**

**We wear latex everyday. I'm wearing it now underneath my jeans.**

**It keeps my dick hard most of the day --"**

**"Yes. Well, I think we ---"**

**"And best of all, my butt hurts all the time. That's how I know he love's me."**

**He left the psychiatrist that day a new man. Now that the truth had been told, he never needed to go back again.**

**When he got home, Dad was there with an anniversary present for him. Ken opened the present and found a pair of latex shorts with the butt cut out.**

**"Dad!"**

**"Put them on, quick."**

**"Sure thing, Dad."**

**Without being told, Ken bent over Dad's knee to receive the longest, sweetest spanking he would ever remember. He came several times before Dad fucked him and then let him lick Dad's sweaty rubber chaps and shirt clean. And because it was their anniversary, Dad also let Ken clean his armpits and crotch with his tongue, those deep recesses where the scent of the latex clung and mixed with Dad's own aroma.**

**Ken's ass was so sore the next morning that he knew that he would only need to think of this "morning after" and how much his butt hurt as a reminder to himself of how much he was loved. And as the years passed he often did reflect on this particular morning with fondness. It was, after all, the first morning he was both free of the secret shame and fully certain of how much he and Dad loved each other. Then he'd stretch out in his chair, feel the latex cling to him beneath his clothes and rub against his already hard dick, and think of what he would make Dad for dinner.**

## HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

**Box Numbers:** \$5.00 buys you a *Drummer* mail box for the life of the ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

**Phone numbers:** You can put your phone number in your ad for immediate response. **WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS.** Here's how to put your number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (10:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

**What else?** Put anything you want in your ad, *except* references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad at least 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

## HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them *or else*. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put the proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P. O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service can not return undelivered mail without your return address. Keep in mind that people do move, and their needs and desires do change.

## JOIN THE LEATHER FRATERNITY

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits.

\* Leather Fraternity applies to "personal ads" only, no advertising or promotion for business or financial gain.

Add it up: A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).

FANTASY ONLY (nothing real except for archival photos of atrocities or execution and occasional factual essays.)  
Stories written by and for college educated persons with active imaginations. If you are squeamish or cannot divorce fantasy from reality, please don't waste your time and ours. Our violent fantasies are for cathartic release of aggressive feelings and anger, such as those arising from frustration in dealing with clients or customers. If you have stories, essays, or drawings you would like to share, send them when you try us out. We ask all members of the Project to write stories about their own fantasies; this helps them become masters of their fantasy instead of slaves to it. No photos or drawings of persons under the age of 21. If you're looking for pix of kids, go to a psychiatrist before you get into trouble.

(WB) AWOL

Botany Bay, NSW - When Sergeant Charles Stevenson deserted the Army three months ago he hid out in the bush country northwest of Paramatta in New South Wales. There he met up with bushrangers (outlaws) and lived amongst them till his capture on 22 March 1837. Stevenson apparently deserted after receiving 200 strokes of the cat-o'-nine-tails for insubordination and drunkenness. Stevenson was caught, charged with being absent without leave, found guilty, and sentenced to be flogged by 5 officers

forming the court martial. Stevenson, 25 "in full vigor of a robust manhood" was sentenced to receive 600 strokes of the lash. In the colony of New South Wales, discipline is maintained principally by the lash. The Cat-o'-nine-tails usually knotted, sometimes round small pieces of lead, always tears the victim's back to shreds. sentences of 1000 lashes are not uncommon. This may sound brutal but must be judged in the context of a age of violence in which children convicted of petty theft are hanged. A sentence of 200 lashes is called a "feeler", 25 is "tester" or "Botany Bay Dozen."

Upon his conviction and sentencing, Stevenson, a man of 4 years in the army, said "I was never any more afraid of the lash than I was of the gibbet." Stevenson's sentence was carried out yesterday at 10:00 a.m..

"Charles Stevenson," the sergeant in charge commanded, "Step forward! Border of His Excellency, Governor Phillips, 600 lashes, for being absent without leave." Stevenson was seized up to the Halberds which stood near the barracks in Botany Bay. "Corporal, do your duty!"

After 75 strokes, bleeding as he was, Stevenson deliberately spat at the corporal's face and shouted, "you couldn't flog hard enough to kill a butterfly." A witness said, "That was Stevenson's last show of defiance---he fainted soon after that." The flogging was halted at half the sentence---after 300 lashes were given. Army sources indicate that Stevenson is recuperating in the infirmary where he will remain until such time as he is well enough to receive the remaining 300 lashes. Steps have been taken to insure that Stevenson does not go AWOL again.

## How to become a Tough Customer

Tough Customer photos are contributed by DRUMMER readers. You're a Tough Customer aren't you? You should send us a picture. Send a black and white photo (color is OK if the contrasts are sharp) with your name and address printed on the back, along with a statement that you are of legal age and you want to be published as a TC. You may give your address for publication, or we will assign you a TC Box number. In effect this is a free classified ad with your picture in it, so let us know what you want to say, too. We can't show penetration, and photos can not be returned. Mail to: Tough Customers, PO Box 410390, San Francisco, CA 94141-0390.

## How to respond to a Tough Customer

If the TC you want to respond to has an address, respond directly to him at that address. If he has a box number, follow the instructions on page 52 of this magazine under "How To Reply To A Dear Sir Ad". You may also leave a message for your favorite TC with our new TC Phonenumber. See page 81 for the number to call and respond to a TC phone box.

## How to use our TC phone line

If your TC picture appears on the following pages the four digit # following TC in your ad is your mailbox # as well as your TC phonenumber. To retrieve messages left for you on the phonenumber you must first call Desmodus, Inc. at 415-252-1195 to receive your access code (ask for Dept. TC). After you receive your access code, you may call the Tough Customer Phonenumber to retrieve your messages.

## How to get a lot more Tough Customer pictures

We have published three special, all-TC magazines so far (with TC-4 on the way.) You can order TC3 by sending \$6.95 + \$2.00 S/H to the address above. (TC1 and TC2 also available \$6.95 each, \$3.50 total S/H for all three) CA residents add 8.5% sales tax. Or call (415) 252-1195 with your credit card order.
